

RICHARD M. TEITELMAN SCHOOL BACK PACK PROJECT

We provide each student with a book bag filled with food, which they pick up Friday afternoon and return on Monday morning. These book bags contain 2 breakfast meals, tuna, crackers, peanut butter, and soup, ready to heat meals, snacks and fruit. Often there is enough to feed several family members.

We are currently providing food for 18-20 students per week. The high school also has a great need, but at this point we are only providing for 5 families. There are many impoverished families within the Lower Cape May area. More than half the school population qualifies for free or reduced lunch. This helps but the Book Bag program can ensure that good nutrition can occur outside of school. If there is any way that you can help us to provide more, we would be most appreciative. Donations can be made to the Lower Cape May Regional Education Foundation, Attention: Book Bag Program
