

BUSINESS MAPPING PROJECT

The first employment experiences establish a foundation for a successful career. Our business mapping project is designed to ensure that Lower Cape May Regional High School students are prepared for the local work force. Business partners, school staff, and students work together to develop business maps. These spell out what it takes to be successful in the selected business.

Current business partners include:

- [Gauss Market](#) - *(View Business Map – Coming Soon)*
- [Lund's Fisheries](#) - *(View Business Map – Coming Soon)*
